David Brown 12, 14, 90 & 94 series clutch replacements

LuK have developed and introduced a newly designed range of clutches 231 0042 10 & 231 0043 10 to replace the existing clutches for David Brown applications currently using the 12" Laycock type clutches - part numbers 231 0040 41 / 231 0041 41 / 231 0042 40 & 231 0043 40. The new design utilises the latest clutch technology using a vented housing for improved cooling and heat dispersal. Fully interchangeable with existing clutches with no modifications required to vehicle or flywheel. A new fixation bolt set is supplied with new designs.
