For current listing refer to catalogue media

Fig. 2: 535 0192 10 – new design

As part of the on-going development of our products, the over-running alternator pulley 535 0192 10 has been modified.

The previous design (Fig. 1) is being replaced by a new design (Fig. 2). During the transition phase, stocks may become mixed.

Both design configurations meet the technical specifications and can be used without restriction.
