

TIMING CHAIN KITS

ENGINE CONTROL | A11305

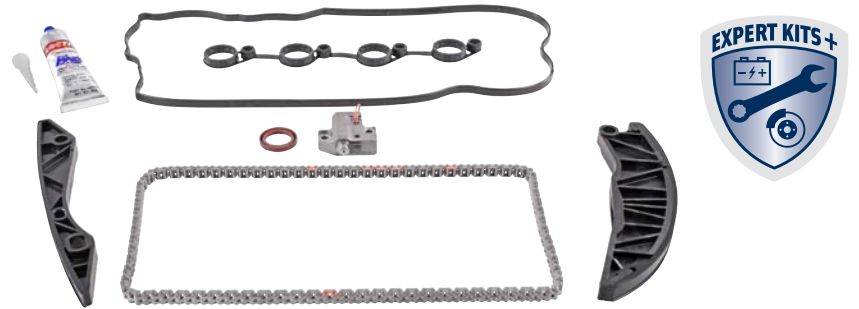

The chain drive enables the rotating movement of the crankshaft to be transmitted to the camshaft. This ensures that the valves open and close at the right time.

In normal operation the chain drive is exposed to high loads. Timing chains, chain tensioners, sliding and tensioning rails inevitably wear over time.

ACKOJA offers high-quality timing chain sets in the Expert Kits + category. These include amongst other the valve cover gasket, the sealant for the timing case cover and the oil seal for the crankshaft. This is the only way to ensure a

professional repair. The high quality and precise processing of the parts offers safety and longevity of the chain drive.

All components of ACKOJA timing chain kits are OE quality - Made in Korea - and fully comply with the manufacturers' standards.

SYMPTOMS

- Rattling timing chain
- Irregular engine function
- Loss of performance
- Increased fuel consumption
- Engine check-light turns on

REASONS FOR FAILURE

- Misaligned injection timing
- Elongation of the timing chain due to material fatigue

CONSEQUENTIAL DAMAGES

- Tearing of the timing chain causes engine damages

RECOMMENDED BY THE EXPERTS

- Make sure that the timing chain is well lubricated, it ensures a long service life
- Check the level of engine oil regularly
- Comply with the maintenance intervals prescribed by the vehicle manufacturer

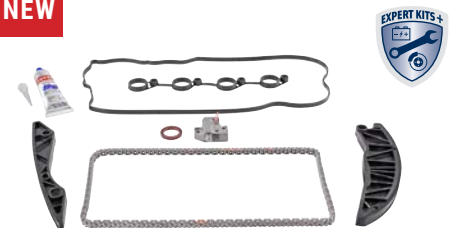

TIMING CHAIN KITS BY ACKOJA

More details are available on www.autoteile.de

- **Long service life** due to high-quality original spare parts, Made in Korea
- **high resistance to abrasion**

HYUNDAI, KIA

NEW

Hyundai	i20, ix20, i30
Kia	Cee'd, Pro Cee'd, Cerato, Rio, Soul
Info	1 timing chain, 1 tensioner, 1 guide, 1 tensioner guide, 2 screws for tensioner, 3 screws for guides, 1 sealant for timing case cover, 1 oil seal, 1 valve cover gasket

X-Ref 24321-2B200kit*
